TAKE SMART ACTION AND SUBMIT YOUR IDEAS TO IMPROVE CONGESTION

Your ideas can potentially be included in future transportation planning studies and plans to guide action towards those solutions

Shared car and charging stations

Electric Scooter on Transit

Automated vehicle/self-driving pod

Shared Bicycles

CONNECTING SMART IDEAS PROGRAM

The Strategic Miami Area Rapid Transit (SMART) Plan intends to advance six rapid transit corridors, along with a network system of Bus Express Rapid Transit (BERT) service, in order to implement mass transit projects in Miami-Dade County. As part of this effort, the TPO would like to hear your ideas to support the SMART Plan including: transit improvements, bicycle, pedestrian, connections to improve your commute, self-driving vehicles, and other projects to improve mobility, safety, and access in our community.

Please complete the following questions regarding your SMART idea. Please respond by January 17, 2020 at 5:00 PM. Follow-up calls and/or e-mails may be conducted by the Miami-Dade TPO to obtain additional information about your idea.

Thank you for your responses!

www.miamidadetpo.org

1. Please provide the following contact information in case we need to follow-up with additional details on your idea:

- Name:
- Email Address:
- Phone Number:

2. Name of your Idea:

3. Describe your idea in three sentences or less:

4. Please select a category that best describes your idea:

- ☐ SMART Transit improvement (including service improvement, expansion/extension of service, new fare and information technology)
- ☐ New traffic technology applications and improvements (i.e.: smart traffic signals, traffic countdown signals)
- ☐ Automated driving system/self-driving vehicles
- ☐ Connection to improve personal commute: New transit route, extension/improvement of existing transit route, extension of bicycle facility, extension/improvement of sidewalk, improvement/new park & ride

- ☐ Bicycle Implementation, including parking facilities, shared bicycle locations, rest areas and basic repair locations
- ☐ Pedestrian Improvement
- ☐ Freight Implementation: Includes self-driving truck, access to port or airport improvements
- ☐ Shared Mobility (can include micro transit, other innovative modes of transportation such as segways, shared vehicles, shared car charging facilities, etc.)

5. How do you think your idea will help improve congestion in Miami-Dade County?

6. Provide any additional comments regarding your SMART idea below:

For more information, please contact Paul Chance at (305) 375-1888 or paul.chance@mdtpo.org

AFTER COMPLETING THE SURVEY, SEAL THE BROCHURE, AND DROP IT IN THE MAIL, OR E-MAIL AN IMAGE TO PAUL CHANCE BY JANUARY 17, 2020.
