I. DEVELOPMENT PLAN

A. INTRODUCTION OF SERVICE AREA

1. Background of Transportation Disadvantaged Program

The Florida Commission for the Transportation Disadvantaged (CTD) (www.dot.state.fl.us/ctd/index.htm) was established to fund and oversee the expansion of transportation services for the disabled, elderly, children-at-risk, and economically transportation disadvantaged population as authorized by Chapter 427, Florida Statutes and Rule 41-2 Florida Administrative Code. The legislation also established a Transportation Disadvantaged (TD) Trust Fund, which receives monies from vehicle registration fees and gasoline sales taxes, and may only be used for trips that are not sponsored or subsidized by any funding source other than the TD Trust Fund.

To maintain presence on a local level, the CTD has established TD Local Coordinating Boards (LCB) for each service area that: advise them directly on local transportation disadvantaged issues, oversee the responsibilities of their local Community Transportation Coordinator (CTC), review all existing and proposed transportation disadvantaged programs, and recommend the use of funds received from the TD Trust Fund. The Miami-Dade County LCB (www.miamidademppo.org/local-coordinating-board.asp) oversees the activities of the service area's CTC.

To assist with their local planning efforts, the CTD appoints a Designated Official Planning Agency (DOPA) for each service area to: staff the local LCB, appoint LCB members, recommend the designation of the service area's CTC, and assist the CTC in the development of the Transportation Disadvantaged Service Plan (TDSP). The Miami-Dade Metropolitan Planning Organization (MPO) (www.miamidademppo.org) is the DOPA for the Miami-Dade County service area.

Since 1990, the CTD has administered and distributed the TD Trust Funds to each established service area within the entire state through CTCs according to an established formula, requiring a ten percent local match. The CTD is responsible for establishing the distribution formula, which is based on several criteria: total service area population, total system vehicle miles, total system passenger trips, and total service area square miles.

Miami-Dade County has many sponsored programs that are currently in place to assist portions of the state recognized TD populations. As a result, the following TD populations are not sponsored by any other funding source, and are therefore eligible to be assisted by the CTD's TD Trust Fund:

1. Up to 150% above the Poverty Level
2. Under 65 years old
3. Cannot receive SSI benefits
4. The following Children At Risk population(s):
 - a. Teen Parents
 - b. High Risk Pregnant Women
 - c. Post hospital Assistance
 - d. Parent Support and training for At risk Children
 - e. Developmental Assistance
 - f. Suicide Prevention

To assist these specific TD populations, the TD Trust Fund dollars are utilized as follows:

- **TD EASY Ticket Program** – the distribution of EASY Tickets to eligible TD individuals through applicable 501(c)(3) organizations. Recipients receive pre-loaded EASY Tickets, which provide the equivalent of one of the following: one trip, daily, weekly, and/or a monthly pass, based on the need.
- **TD Transit Mobility Easy Card Program** – the distribution of annual EASY Cards to those individuals who are TD eligible.

2. Community Transportation Coordinator Designation Date/History

The Miami-Dade County Board of County Commissioners (BCC) has been designated as the CTC for the Miami-Dade County service area by the Miami-Dade MPO since 1990. The coordinated area for transportation services includes all of urbanized Miami-Dade County, a narrow transit corridor in south Broward County, and from Key Largo to Marathon (Mile Marker 50) in Monroe County.

In 1979 the Miami-Dade County coordinated transportation system for the TD was initiated with the receipt and implementation of an *Urban Mass Transportation Administration, Service, and Methods Demonstration Grant*. The final evaluation report recommended the eventual consolidation of transportation services for the elderly and disabled under a central coordinator. Another report determined that there were approximately 100 private non-profit agencies in the County providing transportation service to elderly and disabled individuals. However, the agencies were reluctant to coordinate their transportation services.

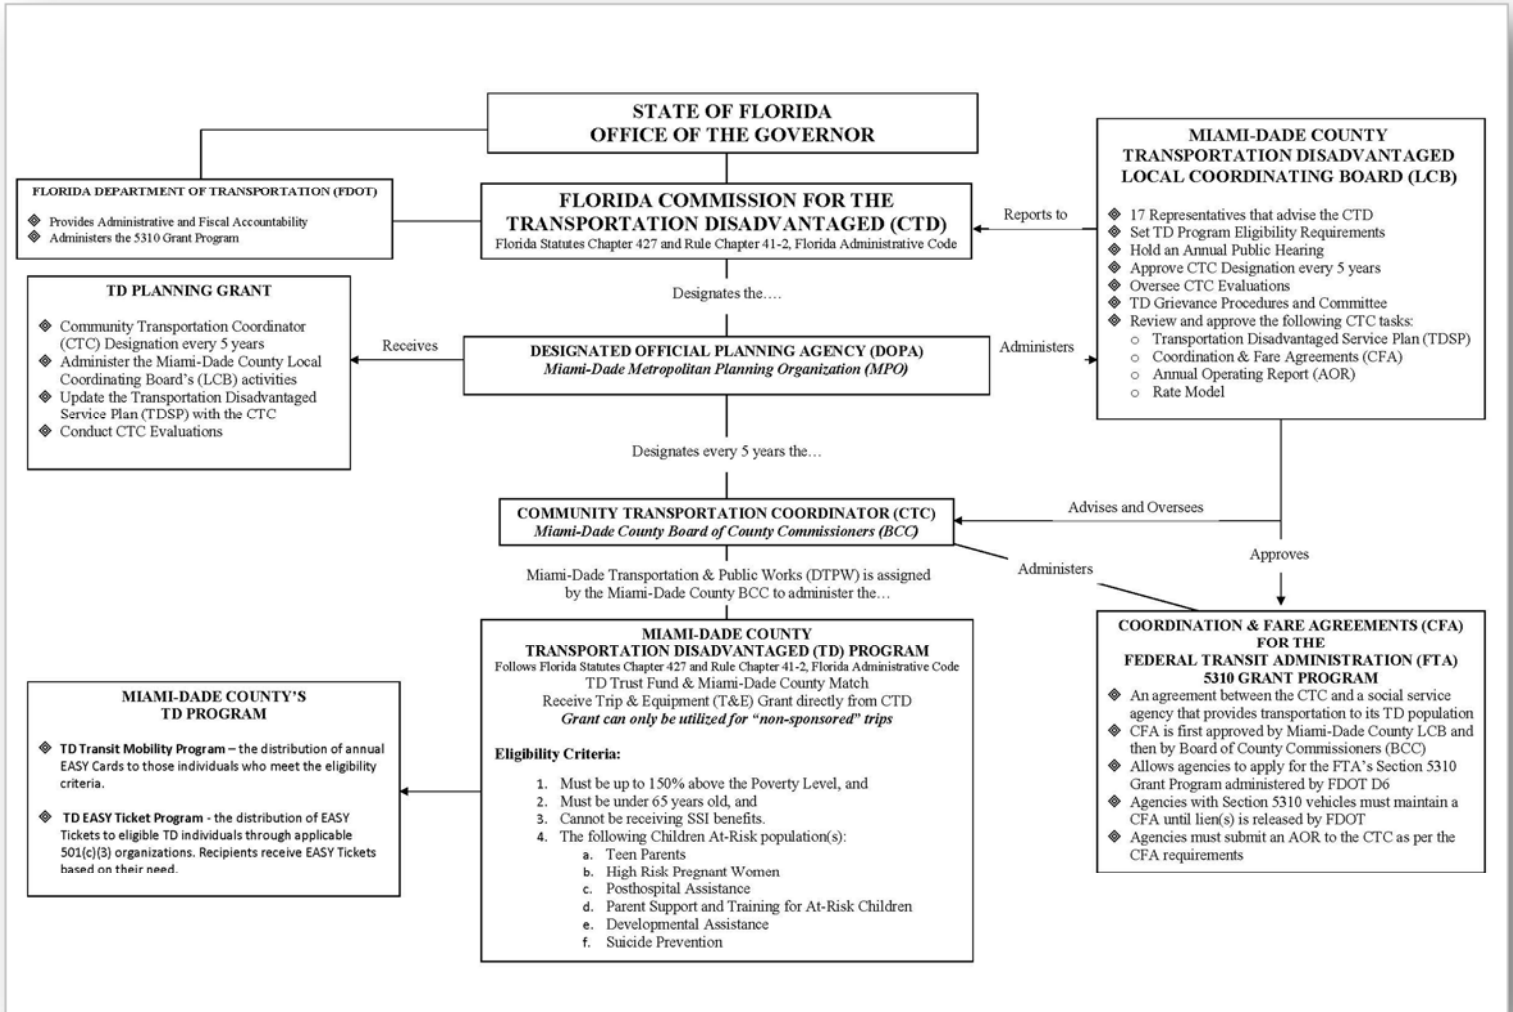

To improve coordination efforts among the various agencies, the Miami-Dade County BCC was officially designated as the CTC by the Miami-Dade MPO on September 11, 1990. Every five years since 1990 the Miami-Dade MPO has designated the BCC as the area's CTC. The Miami-Dade County BCC has then assigned Miami-Dade Transit (MDT), now known as the Miami-Dade Department of Transportation and Public Works (DTPW) (www.miamidade.gov/transit), to fulfill the responsibilities of the CTC. This designation requires that the Miami-Dade County BCC, as the CTC, enter into a Memorandum of Agreement (MOA) with the CTD to receive funding from the State's TD Trust Fund via the annual Transportation Disadvantaged Trip and Equipment (T&E) Grant.

The MOA requires the CTC to encourage social service agencies to work together to coordinate, utilize, and maximize the use of existing transportation resources to best serve the TD population. DTPW must enter into "coordination agreements" (aka Coordination & Fare Agreements) with all other operators who transport the disadvantaged population, including recipients of the Federal Transportation Administration's (FTA) Section 5310 Grant Program. This FTA grant funds the use of vehicles for non-profit social service agencies to transport their senior and disabled clients at no cost to the county.

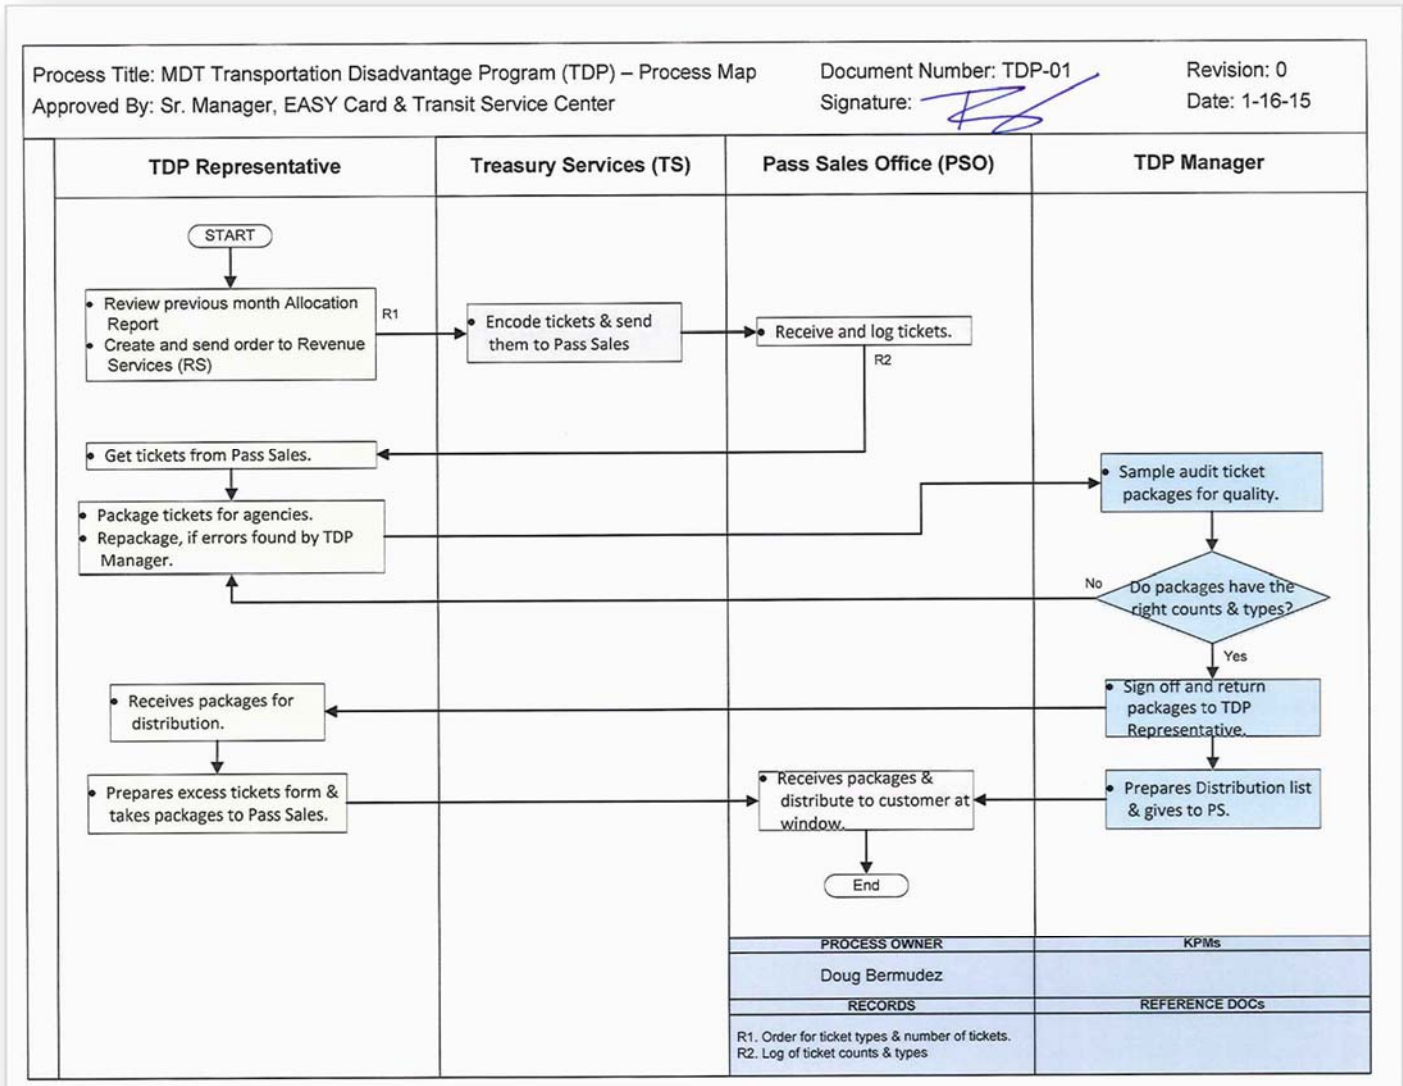

The recent designation process occurred when the Miami-Dade County BCC was again recommended by both the Miami-Dade County LCB and the Miami-Dade MPO Governing Board via Resolutions #1-15 and #5-16, respectively (*Appendix A*) to be the Miami-Dade County CTC. The CTD then formally designated the Miami-Dade County BCC as Miami-Dade County's CTC on April 8, 2016. On June 7, 2016, the Miami-Dade County BCC then adopted Resolution R-530-16 agreeing to the CTC responsibilities laid out in the MOA for a period beginning July 1, 2016 through June 30, 2021 (*Appendix B*).

3. Organization Chart

The following organizational flow chart identifies those entities involved in the provision of services to the Miami-Dade County non-sponsored TD community:

The following is the TD EASY Card Program flow chart:

4. Consistency Review of Other Plans

The TD planning process developed in Miami-Dade County is in accordance with County and State Statutes. It is an integral part of the overall transportation planning process, and is reviewed by all the appropriate committees and boards.

The development of the documents listed below, is based on a well-established process for the planning and programming of transportation improvements. The process includes adhering to the established transportation goals, on-going monitoring and evaluation of the existing service, and service needs in developing modifications and improvements, community meetings, and public hearings.

a. Local Government Comprehensive Plan

The Miami-Dade MPO and the Miami-Dade County Regulatory and Economic Resources Department (RER) assist in the preparation of the transportation element and develops the mass transit sub-element of the *Comprehensive Development Master Plan (CDMP)*. The Miami-Dade County CDMP contains twelve planning elements, and can be viewed at <http://www.miamidade.gov/planning/cdmp.asp>. The two major traffic circulation and mass transit sub-elements of the general transportation element set levels of service for the implementation of surface transportation improvements of the roadway network and mass transit system, respectively. The transportation element is administratively reviewed by the Florida Department of Community Affairs, and then adopted as the current traffic circulation and mass transit elements of the CDMP. A major review and update of the CDMP is completed every seven years. There is also a semiannual CDMP amendment process for periodic review of the development capacity of the urban area.

b. Commission for the Transportation Disadvantaged 5 and 20-Year Plan

The Florida Commission for the Transportation Disadvantaged's (CTD) 5 and 20 Year Plan, located at <http://digital.lib.usf.edu/SFS0032416/00001/pdf>, sets forth goals, objectives, and a plan of action as follows:

- Create a regional transit map.
- Develop a unified regional fare and transfer policy.
- Institute a simplified regional transit information system.
- Coordinate the fragmented transit service created when several municipalities instituted circulators within their city limits.
- Enforce the requirement that the department of children & family services discuss and coordinate transportation through the CTC.

c. Transit Development Plans (TDP)

Miami-Dade Department of Transportation and Public Works' (DTPW) TDP, referred to as "MDT10Ahead", presents the 10-year service plan addressing operational and capital improvements for Miami-Dade County's transit system. It includes an assessment of the need for improved or expanded transit services. The plan presents the funded and unfunded transit needs of the agency. State and federal requirements for transportation services for the disadvantaged, including the Americans with Disabilities Act (ADA) of 1990, are addressed in the plan. This document is developed in a continuous, comprehensive, and cooperative planning process (3-C), and is consistent with the Miami-Dade County CDMP, the five year Transportation Improvement Program (TIP), and the Long Range Transportation Plan (LRTP).

It is located at www.miamidade.gov/transit/mdt-10-ahead.asp

South Florida Regional Transit Authority's (SFRTA) TDP, referred to as "SFRTA: Moving Our Region Forward" (SFRTA Forward), documents the investments that SFRTA is committed to making over the next five years, as well as its vision for additional priorities and improvements through FY 2025. The SFRTA Forward process presents a great opportunity for the agency to: reinvigorate its

identity and reassess its mission, address the mobility needs of a growing and dynamic region, and continue building partnerships to advance transportation projects in the South Florida region and beyond. Many transit projects and concepts are included throughout of the updated SFRTA Forward, including some near-term projects that are poised to have a significant positive impact.

It is located at <http://www.sfrta.fl.gov/transit-development-plan.aspx>

d. Strategic Regional Policy Plan

The *Strategic Regional Transit Plan* is developed by the South Florida Regional Transit Authority (SFRTA) that examines the trends and conditions affecting the south Florida Region, and can be viewed at <http://www.sfrta.fl.gov/studies-plans.aspx>. This examination includes the review of institutional roles and activities, and the identification of potential challenges as well as opportunities facing the region. The trends and conditions analysis provides a basis, along with input from the regional community, for constructing a regional vision. The areas of strategic concern encompass virtually all aspects of growth and development; they specifically address land use and public facilities, natural resources of significance, economic development, affordable housing, emergency preparedness, and regional transportation.

e. Long Range Transportation Plan

The *Long Range Transportation Plan (LRTP)* is updated every five years to meet legal requirements and to identify needed changes to the previously adopted plan. The Miami-Dade MPO's LRTP *Update to the Year 2040 (2040 LRTP)* was developed to guide transportation investments in Miami-Dade County through the next twenty years with the purpose of achieving the best possible mobility connections for Miami-Dade County's transportation system. The Miami-Dade LRTP includes highway, transit, freight, and non-motorized components, a truly multimodal plan that covers a broad range of issues including the environment, economic development, mobility, safety, security, and quality of life.

The 2040 LRTP commenced in December 2012 and involved a major update of the 2035 LRTP, which was adopted in October 2009. The 2040 LRTP's primary purpose was to assist citizens, businesses, and elected officials in cultivating their transportation vision for the County through the next 26 years. The 2040 LRTP, which was adopted by the Miami-Dade MPO Governing Board on October 23, 2014, now serves as an instrument to identify the needed improvements to the transportation network, and provides a long-term investment framework to address current and future challenges.

In light of Miami-Dade's bright and prosperous future as a global hub, the 2040 LRTP is focused on Providing Mobility Options, with "Eyes on the Future". The plan is also guided by a comprehensive vision to:

“Provide mobility options for Miami-Dade County residents and visitors and promote economic competitiveness by investing in the County’s transportation infrastructure while protecting the environment and maximizing the efficiency of the existing transportation system.”

The 2040 LRTP was guided by eight goals and 63 objectives, each of which represented a specific element of how the transportation system should evolve, or in some cases, be preserved, over the next 20 years. Each objective was carefully designed to enable measurement of both the plan’s adherence to the goals and objectives, in terms of the types of projects that are in the plan, and also the performance of the transportation system after plan adoption. The formulation of the LRTP goals and objectives was a process involving extensive stakeholder involvement by the 23 members that make up the MPO Governing Board, the 17 county and municipal agency directors that make up the Transportation Planning Council, the 25 planning agency staff comprising the LRTP Steering Committee, and the general public.

2040 LRTP Goals	Weight
Goal 1 - Improve System and Travel	25%
Goal 2 - Improve Safety	8%
Goal 3 - Improve Security	3%
Goal 4 - Support Economic Vitality	12%
Goal 5 - Preserve Environment & Quality of Life	14%
Goal 6 - Improve Connectivity	14%
Goal 7 - Employ Sound Investment Strategies	12%
Goal 8 - Preserve the Existing System	12%

The plan can be viewed at <http://www.miamidade2040lrtp.com>

f. Transportation Improvement Program

Federal regulation requires, as part of the metropolitan planning process, that the Miami-Dade MPO develop a *Transportation Improvement Program (TIP)*. The TIP includes a five year priority list of federally funded projects and all other transportation projects funded with state and/or local monies, and be viewed at www.interactip.com.

The TIP is a staged, multi-year program that prioritizes transportation improvement projects for federal, state, and local funding. The TIP is also the capital improvements element of the LRTP and has a role in putting the LRTP into action.

The TIP must be consistent with the *Long Range Transportation Plan (LRTP)*, and in order for transportation projects to receive federal funds they must be included in the TIP. This document is prepared in cooperation with state and public transit operators, and is approved by the MPO Governing Board and the Governor. This document becomes part of the *State Transportation Improvement Program (STIP)*. The TIP document is prepared every year to fulfill federal statutory requirements, which provide that, as a condition to receiving federal funding, each urbanized area will have a continuing planning process that result in plans and programs consistent with the comprehensively planned development of the urbanized area.

The priorities established by this document express the policy decision(s) of the MPO as to the order in which transportation improvements will be advanced during the program period. This document also fulfills federal requirements in that the included projects are derived from the area's LRTP for inclusion in the program.

The projects in the TIP are grouped into major categories, with order of priority established within each category insofar as possible or applicable. The groupings are established primarily by virtue of funding source and implementing responsibility. The major categories are as follows:

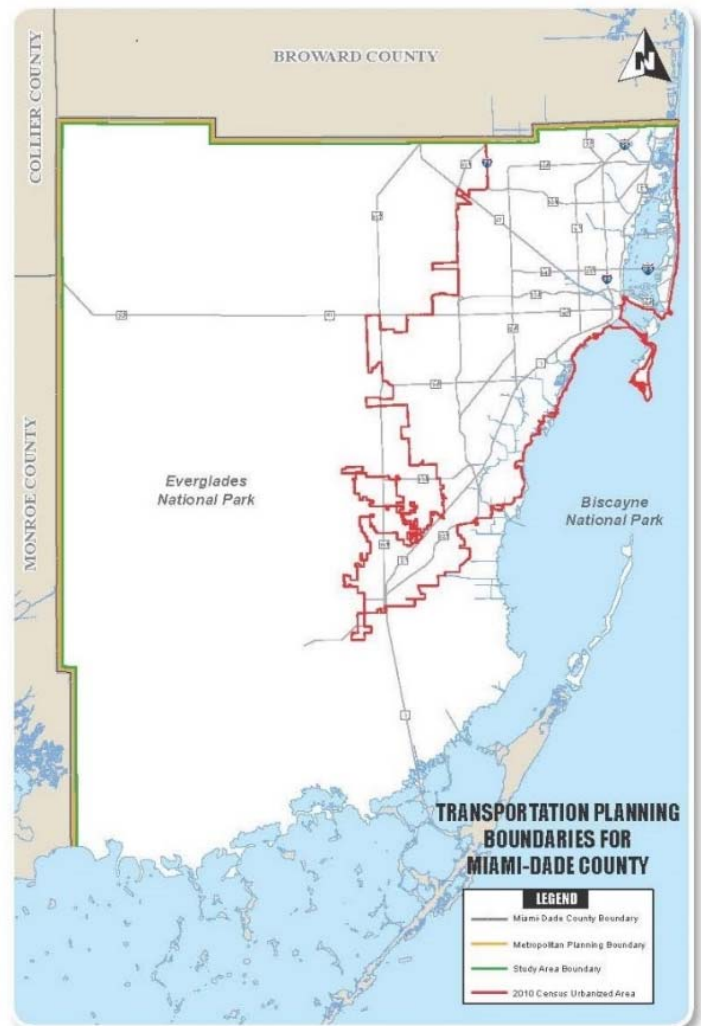

- Primary State Highways and Intermodal Projects
- Multi-Modal Transit Improvements
- Secondary Roads
- Road Impact Fee Improvements
- Local Option Gas Tax
- Improvements by the Private Sector
- Airport Improvements
- Seaport Improvements
- Florida's Turnpike Enterprise
- Non-Motorized Component
- South Florida Regional Transportation Authority
- Intelligent Transportation Systems
- Transportation Disadvantaged
- Congestion Management Program
- Miami-Dade Expressway Authority
- Unfunded Priority Needs
- Freight-related Transportation Improvements
- Multimodal People's Transportation Plan (PTP)

B. SERVICE AREA PROFILE/DEMOGRAPHICS

1. Land Use

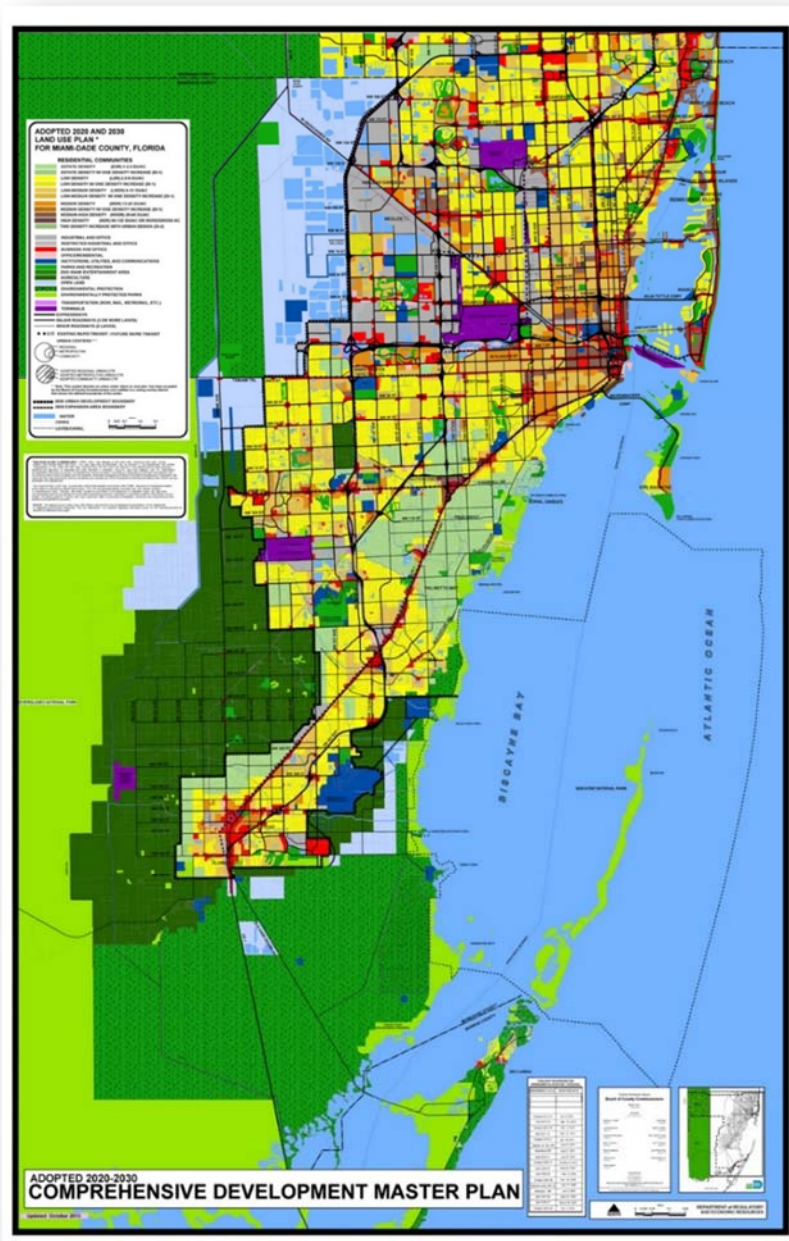

Miami-Dade County encompasses more than 2,000 square miles of land but only over 430 square miles of urban development, cradled between two national parks: Everglades National Park and Biscayne National Park. The Transportation Planning Boundaries for the Miami-Dade MPO, as depicted in this map, overlap with the Miami-Dade County Boundaries. Both the Metropolitan Planning Boundary and the Study Area Boundary coincide with the administrative boundaries for Miami-Dade County. Everglades National Park land is protected land for which the MPO has no jurisdiction. However, all planning on federal land is coordinated with the MPO and the appropriate agencies and jurisdictions. Existing land use is divided into nine areas for Miami-Dade County:

1. Residential
2. Commercial and Office
3. Industrial
4. Institutional
5. Parks and Recreation
6. Transportation and Communication Utilities
7. Agriculture and Open Land
8. Waterways
9. Environmentally Protected

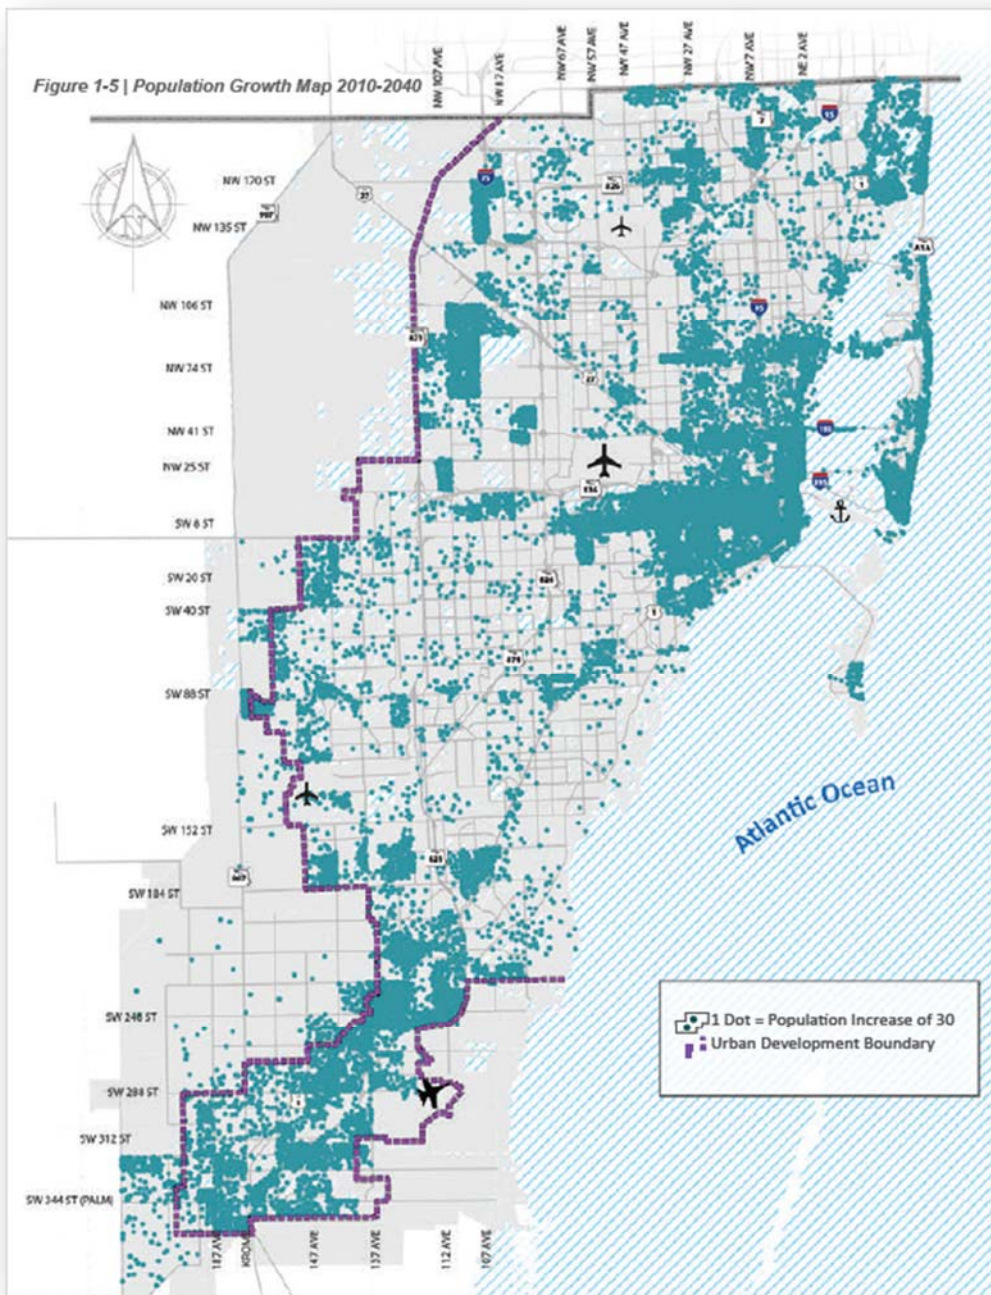

Miami-Dade County objectives and policies in the Land Use Element of the Comprehensive Development Master Plan (CDMP) emphasize concentration and intensification of the development around activity and urban centers located in the areas having high countywide multimodal accessibility and along the major transit corridors that link them.

The CDMP establishes that land uses in these areas shall be planned and developed in the manner that is compatible with and supports the use of transit systems and alternative transportation modes that accommodate a concentration and variety of uses and activities, which will attract large numbers of both residents and visitors. Specific land uses promoted in these areas include: special attractions, educational centers, regional retail centers, and hospitals.

2. Population/Composition

Miami-Dade County is, the most populous county in Florida, with almost 2.7 million residents in 2015, and is expected to grow by over 30% by 2040 to over 3.3 million. The residents of Miami-Dade County, along with visitors, equates to a substantial demand on the transportation system. Projected growth can be expected to worsen already congested conditions on the County's roadways without proportional improvements to the transportation system.

5. Inventory of Sponsored Transportation Services

As per Chapter 427, State Statute, the general TD population includes those who because of physical or mental disability, income status, or age are unable to transport themselves, or children who are disabled or high-risk or at risk as defined in s.411.202. Miami-Dade Transportation and Public Works (DTPW) currently provides, through the County’s General Fund and/or the People’s Transportation Plan (PTP) funding, the following sponsored programs:

- **Special Transportation Service (STS)** – is a shared-ride public transportation service of Miami-Dade County in compliance with the complementary paratransit service provisions of the Americans with Disabilities Act (ADA) of 1990. The system is operational at the same times as conventional transit, 24 hours a day, 7 days a week with a base trip fare of \$3.50 a trip. STS is offered to people whose physical or mental disabilities prevent their independent use of accessible public transportation.

- **Patriot Passport** - All honorably discharged veterans who are permanent residents of Miami-Dade and whose annual income is \$27,994 or less are eligible to ride transit free with the Patriot Passport EASY Card. The Patriot Passport expires annually on the last day of the month printed on card.

- **Golden Passport** - If you are a senior citizen 65 years and older or under 65 years receiving Social Security Benefits and are a permanent Miami-Dade resident, you are eligible to ride transit free with a Golden Passport EASY Card.

- **ADA Free Fare** - Allows STS certified individuals the choice of paying the \$3.50 fare in order to use Paratransit or use the conventional transit system free of charge. The program was implemented in December 1995 in an attempt to cope with the escalating costs of providing STS trips, and to maximize the use of accessible buses in the conventional transit system.

- **Half Fare** - Individuals that have a Medicare card and/or approved Medicare Code, or school children under the age of 18 and enrolled in school (with an DTPW student permit or K-12 EASY Card) are permitted to ride for half fare, on the conventional transit system, with no restrictions on hours or days of the week if the individual. Individuals that are 65 years and over that live outside of Miami-Dade County are eligible for half fare.

- **Commuter Reduced Fare Program** - Miami-Dade County residents, whose annual income is between \$17,820 and \$23,760, qualify for a specially-coded EASY Card that will allow them to ride Metrobus and Metrorail at half fare. Users obtain Commuter Reduced Fare EASY Card with either a 1-month pass for \$56.25, a 7-day pass for \$14.60, a 1-day pass for \$2.80, or cash value to ride at half fare whenever they board a bus or train.

- **Pre-schoolers** - Pre-schoolers taller than 42 inches can obtain a pre-school identification. Parents or guardians of pre-schoolers must provide child's birth certificate and proof of guardianship, and a picture identification of the parent or guardian. Those children less than 42 inches tall ride for FREE when accompanied by an adult.

2. Needs Assessment

Reviewing the projections in the above table, the following two key observations are evident in accessing the needed assistance from the State’s TD Trust Fund dollars for Miami-Dade County:

1. The current total population is around 2.7 million, with a TD population of around 950,000.
2. The total population is expected to increase to almost 2.9 million people by 2023, with an estimated TD population of over 1 million.

According to the 2010 Census, within Miami-Dade County the median household income is \$43,605 and 17.2% of the population lives at or below poverty status (this includes families with and without children and individuals). In addition, the cost of gas prices, vehicle maintenance, parking, and highway tolls impact the working poor resulting in many who will not or cannot utilize their vehicles to travel to work sites, job opportunities, training, day care, and other daily activities.

3. Barriers to Coordinator

One of the greatest barriers to TD coordination, is finding out how to reach out to the TD population. The TD population, especially those who live at or below the poverty level and are in most need of assistance.

E. IMPLEMENTATION SCHEDULE

Implementation of these goals, objectives, and strategies for the Miami-Dade County TD Programs are shown in the above tables.

II. SERVICE PLAN

A. OPERATIONS

1. TD Population Eligibility & Certification Requirements

The Miami-Dade County CTC utilizes the TD Trust Fund's dollars to meet state requirements of providing service to only those TD populations that are not sponsored or subsidized by any other funding source. To accomplish this, the eligible TD population within Miami-Dade County that is not sponsored is as follows:

1. Up to 150% above the Poverty Level
2. Under 65 years old
3. Cannot receive SSI benefits
4. The following Children At Risk population(s):
 - a. Teen Parents
 - b. High Risk Pregnant Women
 - c. Post hospital Assistance
 - d. Parent Support and training for At risk Children
 - e. Developmental Assistance
 - f. Suicide Prevention

To assist these populations, there are two distinct TD Programs established as follows (*Appendix D*):

- **TD EASY Ticket Program** - the distribution of EASY Tickets to eligible TD individuals through 501(c)(3) agencies whose clients meet the above eligibility criteria. These agencies must adhere to the following procedures to be part of this program:
 - Every three years an agency must comply with the following certification process:
 - Complete a "TD Easy Ticket Program Application" form.
 - Host a pre-qualification site visit by CTC staff.
 - If the agency is pre-qualified by the CTC, the application is submitted to the Miami-Dade County LCB for final review and approval.
 - A representative from the agency is required to be present at the LCB meeting during the agency's application review session to answer any questions from the Board.
 - Once approved by the CTC and LCB, the following requirements must be adhered to:
 - Agencies' clients must provide a valid state-issued Florida Driver's license or Florida ID showing a Miami-Dade County physical address.
 - Agencies' clients must provide proof of income in the form of either a recent social security statement (SEQY), two recent paychecks (within 60 days), retirement/pension document, or a recent Income Tax Return statement.
 - Agencies must provide the appropriate state required reporting information on a monthly basis.

A list of participating 501(c)(3) agencies can be found in *Appendix E*.

- **TD Transit Mobility Easy Card Program** – the distribution of annual EASY Cards to those individuals who meet the above eligibility criteria and adhere to the following certification requirements:
- Clients must complete a "TD Easy Card Program Application" form.
 - Clients must provide a valid state-issued Florida Driver's license or Florida ID showing a Miami-Dade County physical address.
 - Clients must provide proof of income in the form of either a recent social security statement (SEQY), two recent paychecks (within 60 days), retirement/pension document, or a recent Income Tax Return statement.
 - Certification of eligibility is only valid for one year, and clients must recertify on an annual basis.
 - Once certified clients may pick up their TD EASY Card at the Golden Passport Office located at the Government Center Metrorail Station, 111 NW First Street, Miami, 33128.
 - Hours of operation at the Golden Passport Office are Monday to Friday, 8 a.m. to 4:30 p.m., excluding holidays.
 - A fee will be assessed for lost and/or stolen cards (\$10 for 1st incident, \$25 for 2nd incident, and \$50 for 3rd incident), and anything subsequent to that will result in suspension for one year from the date of infraction.

2. Types, Hours and Days of Service

DTPW provides fixed route service, at the maximum, approximately 24-hours a day, 365 days a year utilizing full size (40 foot), articulated (60 foot), and mini-buses. The fixed guideway systems, consisting of Metrorail and Metromover, operate from 5:00 AM to 12:00 midnight, 365 days a year. The Metrobus system is 100% accessible on all routes throughout the County. They provide service to all major medical, shopping, and educational facilities, as well as industrial, commercial, and tourist areas.

3. Accessing Services

DTPW operates an accessible Metrorail and Metromover system. To access the DTPW fixed-route, riders are encouraged to call, or use TTY/TDD or Florida Relay System (711), to contact the DTPW transit information hotline, or Miami-Dade County's 3-1-1 call center, to obtain route information. 311 transit information is available six days a week from 7:00 AM to 8:00 PM Monday through Friday, and 8:00 AM to 5:00 PM on Saturday.

Individual route guides and brochures containing transit information for the elderly and disabled are available and mailed free of charge. All printed brochures and route guides are available at various libraries, shopping mall information centers, and transit outlets throughout Miami-Dade County. Route guides are available in Braille, if requested.

5. School Bus Utilization

The CTC and the Miami-Dade County Public School Board (M-DCPS) have a coordination agreement in place. The utilization of school buses is a minimum of 3 hours on school days and 6 hours on non-school days. M-DCPS accepts the terms of Miami-Dade County’s self-insured limits, with insurance coverage in excess of the amount that is required to charter school buses.

6. Vehicle Inventory

Miami-Dade County TD Program participants utilize the fixed route service with the following vehicle inventory available to them:

- Metrobus = 818 buses
- Metrorail = 136 trains
- Metromover = 29 trains

7. System Safety Program Plan Certification

The System Safety Program Plan (SSPP) is required, approved, and monitored by the Florida Department of Transportation (FDOT). The DTPW Director must certify to the State of Florida FDOT, annually, that the SSPP is being implemented as required by state laws, F.S.S. 341.061: FDOT Rules 14-15.017.

DTPW was organized and chartered to provide safe, reliable, and effective transportation service to the citizens of Miami-Dade County. The DTPW Office of Safety and Security is empowered and authorized to develop, implement, and administer a comprehensive, integrated, and coordinate system safety program. This includes a specific plan to identify, prevent, control, and resolve unsafe conditions during design, construction, testing, operations, maintenance, and disposal of DTPW transportation systems. Safety is a primary concern that affects all levels of DTPW activities, including planning, design, construction, testing, and operations and maintenance of all DTPW transportation systems. Therefore, all DTPW personnel and contractors are charged with the responsibility of insuring the safety of DTPW passengers, employees, and property. Goals and objectives of the SSPP are as follows:

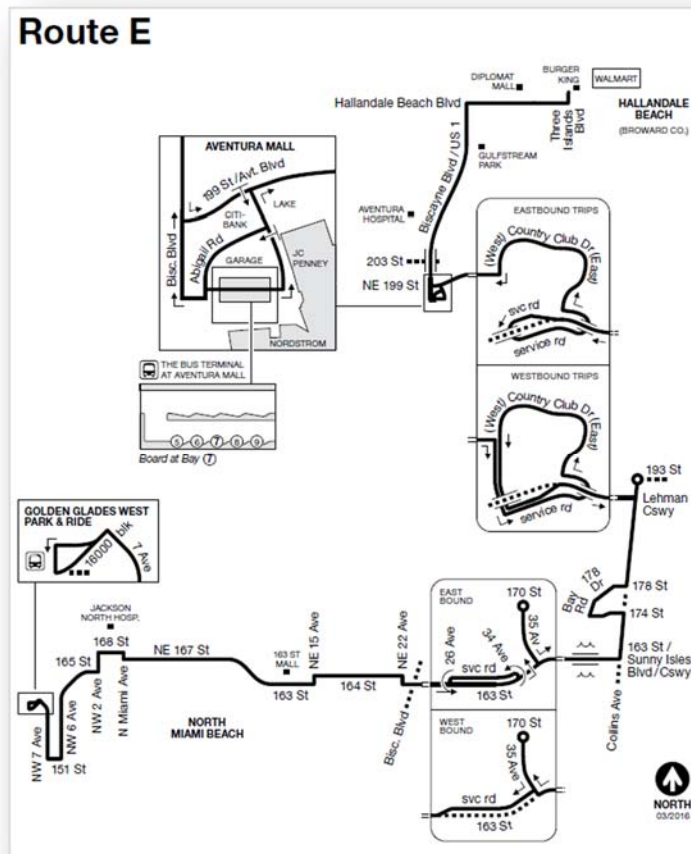

- Identify and eliminate or control hazards to employees, patrons and public.
- Ensure that the MDT working environment meets or exceeds all government and industry occupational health and safety standards and practices.
- Investigate all major accidents/incidents and identify and document accident causes, to track the implementation of corrective actions to prevent recurrence.
- Ensure effective response by MDT and emergency response agencies to all DTPW related emergencies.
- Integrate safety and hazard control measures into all DTPW department and division activities.

- Ensure safety of DTPW passengers, personnel and all who come in contact with the transit system, and DTPW equipment and facilities will be overriding and paramount in system design and operating considerations and environment.
- Provide specific and continual attention to the safety aspects of all system elements.
- Ensure health and safety provisions for maintenance and operational personnel and employed contractors meet those required by local, state and federal regulatory authorities.
- Ensure, for all transit construction activities, that the highest safety standards and practices for public works projects are met, and that the public shall not be exposed to safety hazards from DTPW construction or demolition activities by public or private entities.
- Ensure, for all non-transit construction activities, which may impact the safety of transit passengers, DTPW employees or property; that safety standards are employed by the public and private entities involved in construction or demolition. Utilize methods and equipment to reduce or eliminate hazards impacting the transit systems, as appropriate, during the permit or plan review process.

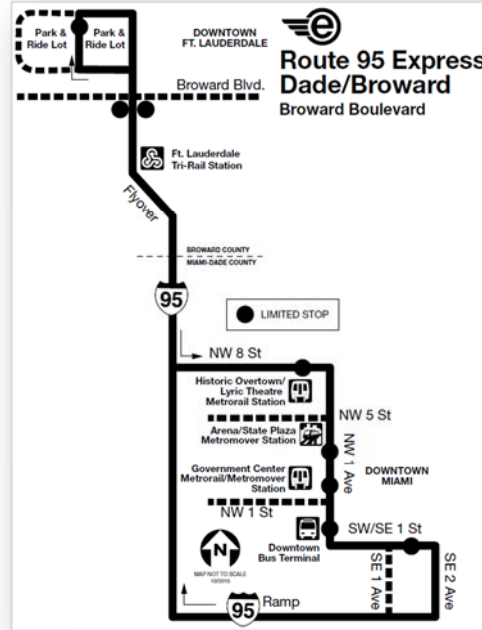

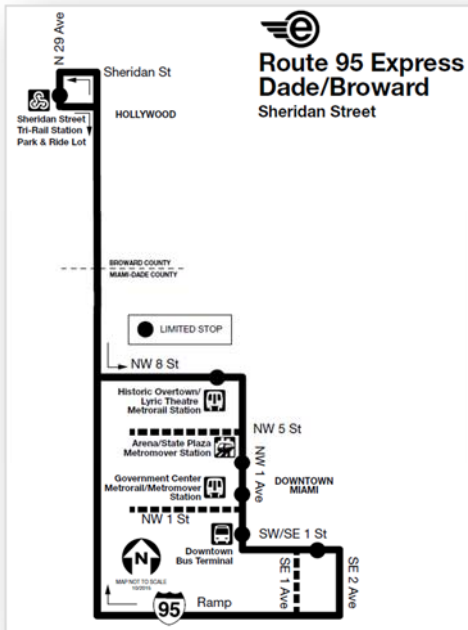

8. Intercounty Services

DTPW operates wheelchair accessible conventional transit into nearby areas of the neighboring counties as follows:

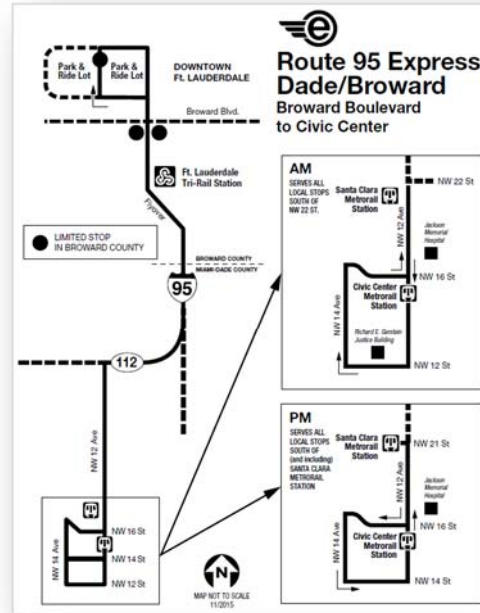

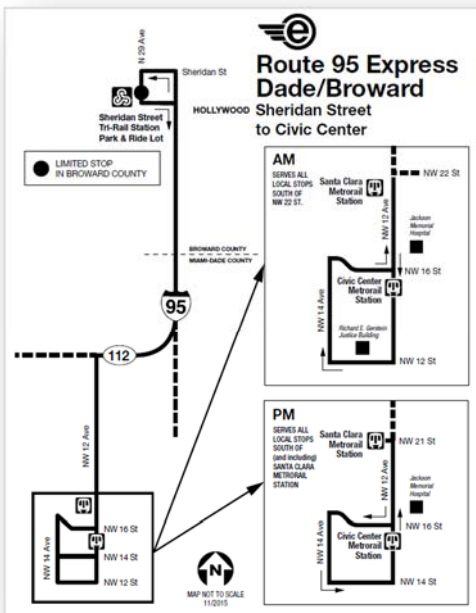

- **Route 105 (E)** provides service between Golden Glades Miami and the Diplomat Mall in Hallandale Beach, Broward County.

- **Route 95 Dade Broward Express** travels from **Downtown Miami** to stops north at **Sheridan Street** in Hollywood and at **Broward Boulevard** in Fort Lauderdale.

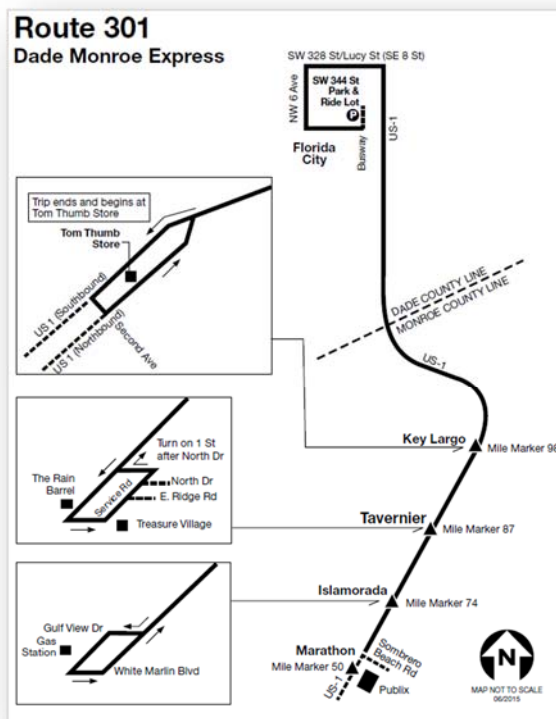

- **Route 95 Dade Broward Express** travels from **Civic Center** to stops north at **Sheridan Street** in Hollywood and at **Broward Boulevard** in Fort Lauderdale.

- **Route 302 (Card Sound Express)** serves southern Miami-Dade and northern Monroe Counties. It is an express route from Florida City via Card Sound Road to the Ocean Reef Resort in Key Largo. The service is 2 trips each peak period from 5:30 to 8:30 in the AM, and 2 trips, from 2:35 to 5:30 in the PM, 7-days a week.

- **Route 301 (Dade-Monroe Express)** serves southern Miami-Dade County from the S.W. 344th Street Busway Park and Ride Lot and serving the Super Wal-Mart in Florida City to US-1 Mile Marker 50 in Marathon via the Overseas Highway (US-1). Service is between 5:15 AM to 1:10 AM, 7 days a week.

The CTC has not experienced issues in providing service into Monroe County. Prior to the implementation of the two above WAGES routes (301 and 302) cost-efficient conventional transit service was non-existent in the Upper Keys. The CTC continues to discuss subsidizing the cost of extending this route with local employers of Monroe County and the Monroe County Board of County Commissioners.

9. Emergency Preparedness and Response

The CTC provides the major source of transportation during disasters and emergencies. CTC staff works closely with the Emergency Management section of the Miami-Dade County Fire Rescue Department and the Miami-Dade County School Board in the coordination of evacuation and relocation of Miami-Dade County residents. The application for individuals with "Special Needs" is kept updated and made available in English, Spanish, and Creole.

10. Public Involvement/Education Efforts/Marketing

The CTC works closely with South Florida Workforce, South Florida Commuter Services, and FDOT District Six in marketing the conventional transit system. Special information centers, maps, and materials have been designed to facilitate the transit needs of South Florida Workforce One Stop Center customers.

The fact that the DTPW is the CTC has been beneficial for transportation disadvantaged persons, case workers, teachers, instructors, and counselors to obtain transit information and assistance. The entire coordinated system is under the administration of the Director of DTPW. There are a variety of documents, brochures, and maps available to the disadvantaged population with information regarding STS, routes, the "Golden Passport", fares, and general transit information.

In addition, CTC staff participates on numerous panels, committees, boards, fairs, and programs serving the disadvantaged (see list below). Through this participation, both staff and clients from numerous agencies, schools, senior programs, and sheltered workshops have been made aware of the various transportation programs for TD non-sponsored trips. The CTC is currently providing transportation assistance for approximately 150 agencies in Miami-Dade County. The CTC coordinates with the following programs that provide services, referrals, are advocates for, or represent the transportation disadvantaged:

- South Florida Workforce
- Catholic Charities of the Archdiocese
- Community Action and Human Services Dept.
- Lighthouse for the Blind
- Emergency Management, Special Needs
- Miami-Dade County Public Schools, Exceptional Student Programs
- Department of Veteran Affairs
- Department of Children and Families
- FDOT Section 5310 Grant Review
- Easter Seals of South Florida
- The Salvation Army
- Jewish Community Services of South Florida
- Camillus Health Concern
- Miami-Dade County Homeless Trust
- STS Riders Advisory Group
- Eleventh Judicial Court System
- Switchboard of Miami
- Jackson Memorial Hospital
- Epilepsy Foundation of South Florida

All information regarding resources to transport the disadvantaged is made available to the staff of agencies participating at these meetings.

11. Service Standards

The following are DTPW's service standards for the TD Program on the fixed route system:

- **EASY Cards Renewals** - Renewals are performed either by mail, e-mail or fax. To renew by mail, e-mail or fax, copies of the required documents must be forwarded to DTPW with the correct address, which must be current and correct in the computer system.
Mail: Miami-Dade Transit Special Pass Programs
P.O. Box 01-9005
Miami, FL 33101
Fax: Special Pass Programs (305) 375-1192
Email: SpecialPass@miamidade.gov
- **Pictures on EASY Cards** - A new application requires that a picture of the patron be taken at the DTPW Transit Service Center or a 3-1-1 Service Center for placement on the newly issued Transit Mobility EASY Card.
- **EASY Card Suspensions** - A fee will be assessed for lost and/or stolen cards (\$10 for 1st incident, \$25 for 2nd incident, and \$50 for 3rd incident), and anything subsequent to that will result in suspension for one year from the date of infraction.

Where applicable to the fixed route service, the CTD's required service standards are followed by the CTC:

- Local toll free phone number
- Vehicle Cleanliness
- Passenger/Trip Database
- Adequate seating
- Driver Identification
- Passenger Assistance
- Smoking, Eating and Drinking
- Two-way Communications
- Air Conditioning/Heating
- Billing Requirements
- CPR/1st Aid
- Driver Criminal Background Screening

12. Local Complaint and Grievance Procedure/Process

Participants in the TD program can contact DTPW at (786) 469-5028 for more information or to register a complaint.

13. Community Transportation Coordinator Monitoring Procedures

The CTC is monitored by the Miami-Dade County LCB. The LCB reviews the service standards set by the CTC, and the information provided in the Annual Operating Report (AOR) to determine whether or not the CTC has achieved its objectives and is providing cost-efficient, reliable transportation to the transportation disadvantaged community.

14. Coordination Contract Evaluation Criteria

Vehicles owned by agencies with Coordination & Fare Agreements (CFA) and operating Section 5310 vehicles are monitored on an annual basis by independent consultants under contract to the Florida Department of Transportation (FDOT). The items checked are as follows:

- Vehicle maintenance and trip logs
- Current certificate of insurance
- “Department of Transportation” painted on exterior of vehicle
- Vehicle title listing DOT as 1st lien hold
- An internal vehicle number
- Safety mechanism including lights, tires, and fire extinguisher
- Condition of interior and exterior of the vehicle
- Current photo of vehicle displayed

The driver’s license and vehicle inspections are the same for Section 5310 vehicle operators as they are for the coordinated contract operators. This process is coordinated through the Miami-Dade County Regulatory and Economic Resources (RER) Department.

The CTC requires that agency staff receiving vehicles from the Section 5310 Grant Program provide and maintain a CFA, and submit an Annual Operating Report (AOR). Their CFA must contain a copy of the agency's drug testing policy, first aid policy, and a list of vehicles utilized for transportation of their disadvantaged clients. In addition, the CTC monitors all complaints received regarding agency service and operator behavior.

MIAMI-DADE COUNTY FY 2016-21 MEMORANDUM OF AGREEMENT (MOA)

Contract # TD1687

Effective: 7/01/2016 to 6/30/2021

STATE OF FLORIDA
COMMISSION FOR THE TRANSPORTATION DISADVANTAGED
MEMORANDUM OF AGREEMENT

This Memorandum of Agreement is between the COMMISSION FOR THE TRANSPORTATION DISADVANTAGED, hereby referred to as the "Commission," and Miami-Dade County Board of County Commissioners, Miami-Dade Department of Transportation and Public Works(DTPW), Miami, Florida, 33128, the COMMUNITY TRANSPORTATION COORDINATOR, designated pursuant to Chapter 427, F.S., to serve the transportation disadvantaged for the community that includes the entire area of Miami-Dade county(ies), and hereafter referred to as the "Coordinator."

This Agreement is made in consideration of the mutual benefits to both parties; said consideration acknowledged hereto by the parties as good and valuable consideration.

The Parties Agree:

- I. The Coordinator Shall:
 - A. Become and remain totally apprised of all of the Transportation Disadvantaged resources available or planned in their designated service area. This knowledge will be used to plan, coordinate, and implement the most cost effective transportation disadvantaged transit system possible under the economic and other conditions that exist in the designated service area.
 - B. Plan and work with Community Transportation Coordinators in adjacent and other areas of the state to coordinate the provision of community trips that might be handled at a lower overall cost to the community by another Coordinator. This includes honoring any Commission-approved statewide certification program that allows for intercounty transportation opportunities.
 - C. Arrange for all services in accordance with Chapter 427, Florida Statutes, and Rule 41-2, FAC, and as further required by the Commission and the local Coordinating Board approved Transportation Disadvantaged Service Plan.
 - D. Return any acquired profits or surplus funds originating through the course of business as the Coordinator that are beyond the amounts(s) specifically identified and approved in the accompanying Transportation Disadvantaged Service Plan. Such profits or funds shall be returned to the Coordinator's transportation system or to any subsequent Coordinator, as a total transportation system subsidy, to be applied to the immediate following operational year. The Coordinator will include similar language in all coordination contracts to assure that transportation disadvantaged related revenues are put back into transportation disadvantaged services.

E. Accomplish this Project by:

1. Developing a Transportation Disadvantaged Service Plan for approval by the local Coordinating Board and the Commission. Coordinators who are newly designated to a particular service area shall submit a local Coordinating Board approved Transportation Disadvantaged Service Plan, within 120 calendar days following the execution of the Coordinator's initial memorandum of agreement with the Commission, for approval by the Commission. All subsequent Transportation Disadvantaged Service Plans shall be submitted and approved with the corresponding memorandum of agreement. The approved Transportation Disadvantaged Service Plan will be implemented and monitored to provide for community-wide transportation services for purchase by non-sponsored transportation disadvantaged persons, contracting social service agencies, and other entities that use local, state, or federal government funds for the purchase of transportation for the transportation disadvantaged.
2. Maximizing the use of available public school transportation resources and public fixed route or fixed schedule transit services and assuring that private or public transit, paratransit operators, and school boards have been afforded a fair opportunity to participate to the maximum extent feasible in the planning process and in the development of the provisions of the Transportation Disadvantaged Service Plan for the transportation disadvantaged.
3. Providing or arranging 24-hour, 7-day per week transportation disadvantaged service as required in the designated service area by any Federal, State or Local Government agency sponsoring such services. The provision of said services shall be furnished in accordance with the prior notification requirements identified in the local Coordinating Board and Commission approved Transportation Disadvantaged Service Plan.
4. Complying with all local, state, and federal laws and regulations that apply to the provision of transportation disadvantaged services.
5. Submitting to the Commission an Annual Operating Report detailing demographic, operational, and financial data regarding coordination activities in the designated service area. The report shall be prepared on forms provided by the Commission and according to the instructions of said forms.

F. Comply with Audit and Record Keeping Requirements by:

1. Utilizing the Commission recognized Chart of Accounts defined in the *Transportation Accounting Consortium Model Uniform Accounting System for Rural and Specialized Transportation Providers* (uniform accounting system) for all transportation disadvantaged accounting and reporting purposes. Community Transportation Coordinators with existing and equivalent accounting systems are not required to adopt the Chart of Accounts in lieu of their existing Chart of Accounts but shall prepare all reports, invoices, and fiscal documents relating to the transportation disadvantaged functions and activities using the chart of accounts and accounting definitions as outlined in the above referenced manual.

2. Assuming the responsibility of invoicing for any transportation services arranged, unless otherwise stipulated by a purchase of service contract or coordination contract.
 3. Maintaining and filing with the Commission, local Coordinating Board, and all purchasing agencies/entities such progress, fiscal, inventory, and other reports as those entities may require during the period of this Agreement.
 4. Providing copies of finance and compliance audits to the Commission and local Coordinating Board as requested by the Commission or local Coordinating Board.
- G. Retain all financial records, supporting documents, statistical records, and any other documents pertinent to this Agreement for a period of five (5) years after termination of this Agreement. If an audit has been initiated and audit findings have not been resolved at the end of five (5) years, the records shall be retained until resolution of the audit findings. The Coordinator shall assure that these records shall be subject to inspection, review, or audit at all reasonable times by persons duly authorized by the Commission or this Agreement. They shall have full access to and the right to examine any of the said records and documents during the retention period.
- H. Comply with Safety Requirements by:
1. Complying with Section 341.061, F.S., and Rule 14-90, FAC, concerning System Safety; or complying with Chapter 234.051, F.S., regarding school bus safety requirements for those services provided through a school board; and
 2. Assuring compliance with local, state, and federal laws, and Commission policies relating to drug testing. Conduct drug and alcohol testing for safety sensitive job positions within the coordinated system regarding pre-employment, randomization, post-accident, and reasonable suspicion as required by the Federal Highway Administration and the Federal Transit Administration.
- I. Comply with Commission insurance requirements by maintaining at least minimum liability insurance coverage in the amount of \$200,000 for any one person and \$300,000 per occurrence at all times during the existence of this Agreement for all transportation services purchased or provided for the transportation disadvantaged through the Community Transportation Coordinator. Upon the execution of this Agreement, the Coordinator shall add the Commission as an additional **named insured** to all insurance policies covering vehicles transporting the transportation disadvantaged. In the event of any cancellation or changes in the limits of liability in the insurance policy, the insurance agent or broker shall notify the Commission. The Coordinator shall insure that contracting transportation operators and coordination contractors also maintain the same minimum liability insurance, or an equal governmental insurance program. Insurance coverage in excess of \$1 million per occurrence must be approved by the Commission and the local Coordinating Board before inclusion in the Transportation Disadvantaged Service Plan or in the justification of rates and fare structures. Such coverage may be provided by a self-insurance program established and operating under the laws of the State of Florida and written verification of insurance protection in accordance with Section 768.28, Florida Statutes, shall be provided to the Commission upon request.

- J. Safeguard information by not using or disclosing any information concerning a user of services under this Agreement for any purpose not in conformity with the local, state and federal regulations (45 CFR, Part 205.50), except upon order of a court, written consent of the recipient, or his/her responsible parent or guardian when authorized by law.
- K. Protect Civil Rights by:
1. Complying with state and federal laws including but not limited to laws regarding discrimination on the basis of sex, race, religion, age, disability, sexual orientation, or national origin. The Coordinator gives this assurance in consideration of and for the purpose of obtaining federal grants, loans, contracts (except contracts of insurance or guaranty), property, discounts, or other federal financial assistance to programs or activities receiving or benefiting from federal financial assistance and agreeing to complete a Civil Rights Compliance Questionnaire if so requested by the Commission.
 2. Agreeing that compliance with this assurance constitutes a condition of continued receipt of or benefit from federal financial assistance, and that it is binding upon the Coordinator, its successors, subcontractors, transferee, and assignees for the period during which such assistance is provided. Assure that all operators, subcontractors, subgrantee, or others with whom the Coordinator arranges to provide services or benefits to participants or employees in connection with any of its programs and activities are not discriminating against those participants or employees in violation of the above statutes, regulations, guidelines, and standards. In the event of failure to comply, the Coordinator agrees that the Commission may, at its discretion, seek a court order requiring compliance with the terms of this assurance or seek other appropriate judicial or administrative relief, to include assistance being terminated and further assistance being denied.
- L. To the extent allowed by Section 768.28, Florida Statutes, and only to the monetary and other limitations contained therein, indemnify and hold harmless the Commission and all of the Commission's members, officers, agents, and employees; purchasing agency/entity officers, agents, and employees; and the local, state, and federal governments from any claim, loss, damage, cost, charge or expense arising out of any act, action, neglect or omission by the Coordinator during the performance of this Agreement, whether direct or indirect, and whether to any person or property to which the Commission or said parties may be subject, except that neither the Coordinator nor any of its sub-contractors will be liable under this section for damages arising out of injury or damage to persons or property directly caused or resulting from the sole negligence of the Commission or any of its members, officers, agents or employees; purchasing agency/entity, officers, agents, and employees; and local, state, or federal governments. Nothing herein is intended to serve as a waiver of sovereign immunity by any agency/entity or Coordinator to which sovereign immunity may be applicable. Nothing herein shall be construed as consent by a state agency/entity or political subdivision of the State of Florida or the federal government to be sued by third parties in any matter arising out of any Agreement or contract. Notwithstanding the foregoing, pursuant to Section 768.28, Florida Statutes, no agency or subdivision of the state shall be required to indemnify, insure, or assume any liability for the Commission's negligence.

- M. Comply with standards and performance requirements of the Commission, the local Coordinating Board approved Transportation Disadvantaged Service Plan, and any purchase of service contracting agencies/entities. Failure to meet the requirements or obligations set forth in this MOA, and performance requirements established and monitored by the local Coordinating Board in the approved Transportation Disadvantaged Service Plan, shall be due cause for non-payment of reimbursement invoices until such deficiencies have been addressed or corrected to the satisfaction of the Commission.
- N. Comply with subcontracting requirements by executing or negotiating contracts for transportation services with Transportation Operators and Coordination Contractors, and assuring that the conditions of such contracts are maintained. The requirements of Part 1, Paragraph E.5. through M are to be included in all contracts, subcontracts, coordination contracts, and assignments made by the Coordinator for services under this Agreement. Said contracts, subcontracts, coordination contracts, and assignments will be reviewed and approved annually by the Coordinator and local Coordinating Board for conformance with the requirements of this Agreement.

1. Drivers for paratransit services, including coordination contractors, shall be required to announce and identify themselves by name and company in a manner that is conducive to communications with the specific passenger, upon pickup of each rider, group of riders, or representative, guardian, or associate of the rider, except in situations where the driver regularly transports the rider on a recurring basis. The boarding assistance shall include opening the vehicle door, fastening the seat belt or utilization of wheelchair securement devices, storage of mobility assistive devices, and closing the vehicle door. In certain paratransit service categories, the driver may also be required to open and close doors to buildings, except in situations in which assistance in opening/closing building doors would not be safe for passengers remaining on the vehicle. Assisted access must be in a dignified manner. Drivers may not assist wheelchair up or down more than one step, unless it can be performed safely as determined by the passenger, guardian, and driver.
 3. All vehicles shall be equipped with two-way communications in good working order and be audible to the driver at all times to the base.
 4. All vehicles providing service within the coordinated system, shall have working air conditioners and heaters in each vehicle. Vehicles that do not have a working air conditioner or heater will be scheduled for repair or replacement as soon as possible.

- 1. Transport an escort of a passenger and dependent children as locally negotiated and identified in the local Transportation Disadvantaged Service Plan.**
- 2. Determine locally in the Transportation Disadvantaged Service Plan, the use, responsibility, and cost of child restraint devices.**

Each driver must have photo identification that is in view of the passenger. Name patches, inscriptions, or badges that affix to driver clothing are acceptable. For transit services, the driver photo identification shall be in a conspicuous location in the vehicle. In accordance with the CTC's TDSP, an operator's State of Florida driver's license in the operator's possession is acceptable as a badge for operators of vehicles of agencies with coordination agreements.
2. Drivers shall provide the passenger with boarding assistance, if necessary or requested, to the seating portion of the vehicle. The boarding assistance shall include opening the vehicle door, fastening the seat belt or utilization of wheelchair securement devices, storage of mobility assistive devices, and closing the vehicle door. Drivers may not assist a wheelchair user up or down more than one step, unless it can be performed safely as determined by the passenger, guardian, and driver.
3. Have working air conditioners and heaters in each vehicle. Vehicles that do not have a working air conditioner or heater will be scheduled for repair or replacement as soon as possible. 3. Provide shelter, security, and safety of passengers at vehicle transfer points.
4. Post a local or other toll-free number for complaints or grievances inside each vehicle.

7. Maintain a passenger/trip database on each rider being transported within the system.
8. Provide each rider and escort, child, or personal care attendant adequate seating for provider-sponsored transportation services. No more passengers than the registered passenger seating capacity shall be scheduled or transported in a vehicle at any time.

Said notice shall be delivered by certified mail, return receipt requested, or in person with proof of delivery. Waiver by the CTC of breach of any provision of this Agreement shall not be deemed to be a waiver of any other breach and shall not be construed to be a modification of the terms of this Agreement, and shall not act as a waiver or estoppel to enforcement of any provision of this Agreement. The provisions herein do no limit the CTC's right to remedies at a law or to damages. If the Provider abandons or, before completion, ceases to perform its responsibilities under this Agreement; or for any other reason, the commencement, prosecution, or timely completion of the Agreement by the Provider is rendered improbable, infeasible, impossible, or illegal, the CTC may, by written notice to the Provider, suspend any or all of its obligations under this Agreement until such time as the event or condition resulting in such suspension has ceased or been corrected, or the CTC may terminate any or all of its obligations under this Agreement.
