Re: Transportation Alternative Program – Pedestrian Lighting Improvements

Dear Mr. Camejo:

The Village of Virginia Gardens is requesting financial assistance for enhancement to the community's non-motorized pathway system. The proposed project will install new lighting along sidewalks and pathways that pedestrians use to travel through the Village. The lighting will be energy efficient and significantly increase access and improve the safety of the users. This effort will also build on many of the Village's recent pedestrian improvement efforts including prior TAP-funded projects such as providing ADA access.

Thank you for your consideration of our application. If you should need additional information, please contact my office at (305) 871-6104.
